

## Multi Packs

**new**

We understand that customers often need to buy multiple padlocks in one easy purchase. Sometimes simply to meet a number of security needs and sometimes because they are looking to buy keyed alike, or coded alike padlocks for convenience and ease of use.

Squire provide a range of multi packs providing padlocks for luggage, tool boxes such as the TSA20T pack, through to higher security brass padlocks suitable for sheds and storage areas, such as the LP10T.

A good selection of both key operated and combination products are available, all packaged in such a way that customers will find it easy to choose the right padlock for their needs.
