

Trade pack boards

Interchangeable interactive display panels

These interchangeable, interactive display panels provide customers with a quick reference guide to SQUIRE's best selling products.

Designed with user friendly language, illustrations and actual products, they are a valuable information point to help customers make the right choice.

Four trade boards are available (970mm wide x 490mm high) - the one key journey, **Stronghold**[®], Combination Padlocks and Masterkeyed and Keyed Alike Padlocks - and each panel is purpose designed to be wall mounted so they stand proud.

Door displays

Our interactive door displays help customers evaluate products to ensure they meet their needs.

They are great for increasing sales and are available for several products. Displays are uniquely designed so customers can handle products and information cards are included with each one.
