

## Warehouse locks

### ASWL1 and ASWL2 armoured steel locks

Designed for securing commercial applications these padlocks are made from a solid brass lock body protected by armoured steel for ultra-resistance to attack. The rotating hardened steel shackle is particularly resistant to a sawing attack.

**Available keyed alike.**

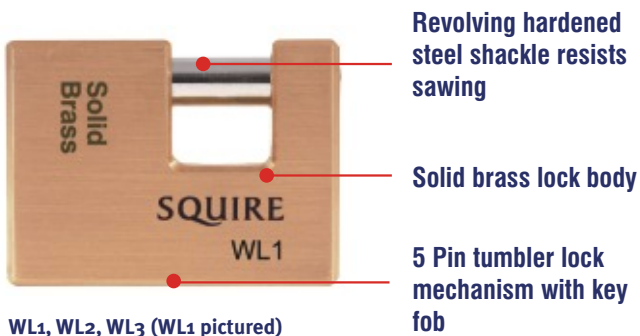

ASWL1 and ASWL2 - (ASWL1 pictured)

### WL1, WL2 and WL3 solid brass locks

For a good level of security and flexibility, these solid brass locks are available in 3 sizes. They feature a rotating hardened steel shackle for extra attack resistance.

**Available keyed alike.**

WL1, WL2, WL3 (WL1 pictured)

### Recommended for

Garages, warehouses, industrial units, commercial premises and retail outlets.
